

Toyota Motorsport GmbH will have a new official clothing supplier from 2009 after agreeing an exciting new partnership agreement with fashion and board sports brand Chiemsee.

As part of the agreement, Panasonic Toyota Racing staff will wear a Chiemsee-designed range of clothing to all Grands Prix and Formula 1 activities, while the company's logo will appear on the drivers' overalls, team clothing and in the team garage.

The team's official clothing will have a fresh new look, combining the extreme high quality necessary in Formula 1 and the pioneering spirit embodied in all Chiemsee products. The multi-year partnership will begin in January 2009.
